There was a loss of power. But the Persian King was strong.	Fabre trainer and jockey Boudot also won the Prix de l'Arc de Triomphe last year with Waldgeist. This year's Persian King seems to be a long distance, but they know how to win the Prix de l'Arc de Triomphe.

Royal Julius ran hard in a straight, but he couldn't overtake.	Royal Julius' father, Royal Applause, is the father of TIC KER TAPE, who won the American Oaks. And Royal Applause's sister, Lyric Fantasy, won the Cartier Award. Cartier Award for Best Two-Year-Old Mare in Europe.

He seemed to understand the jockey's instructions correctly.	I saw the Way To Paris race and thought. I think he isn't very good at driving in corners that turn to the right. When he overcomes this weakness, he will become even stronger.

Because they were teaching patience. And he overcame it brilliantly.	Everyone says Stradivarius is a Steyer, but I think he can do well at this distance. His potential is very high. And Perrier is also a great model. If the position is good, he may win.
7	④	Siyouni (FR) Sottsass (FR) Starlet's Sister (IRE) • Galileo (IRE) White Birch Farm • Ecurie Des Monceaux	59.5kg Cristian Demuro male 4 132 Chestnut 122	Stalker ←←← ΖΥΜΔΝΒ £ 1,523,915 ⑤ 12.2 (8.6)	JC. If the distance increases, it's good for him.	Translated his name into Japanese, "run quietly" However, when Sottsass wins, the run is very sharp and powerful. If we can see his condition well in the paddock, we should also buy his betting ticket.

I didn't understand why they chose this race.	I have a deep love for ENABLE. It is thanks to ENABLE that I made friends with Mr. Gosden. Everyone knows that ENABLE is strong. I strongly hope that she will finish the race safely. Because her future is shining !!

She was confused, especially downhill. She should be able to overcome it once she gets used to the course.	It is wonderful that Japanese horses will challenge the Prix de l'Arc de Triomphe again this year. It's a tough challenge for her because everyone is strong, but if she does her best, I might be very surprised.

Just before the goal, he ran hard but couldn't secure the second place.	He has a reputation for being good at heavy courses. The rationale is that he won the heavy course Greffulhe (Group 2). But I doubt that. He had a bad result in the second race of the heavier course.
11	⑬	Kingman (GB) Chachnak (FR) Tamazirte (IRE) • Danehill Dancer (IRE) Ecurie La Vallée Marigny Est & Ecurie Des Moutons • Ear	56.5kg Tony Piccone male 3 117 bay 94	Sotp ←← ΜΤΓΡΥ £ 81,838 ⑩ 227.5 (42)	F. I thought the distance he ran was the best.	I thought after seeing his last run. I think the distance he can run best is 1m2f. His father is Kingman. His pedigree is good at a little short distance.

I looked like he was very competitive and strong to run.	In Swoop's father, Adlerflug, won the German Derby. And Iquitos, a production piece, participated in the Japan Cup and was the first foreign horse to come first. Eventually, I want you to bring that pedigree to Japan.

She's petite, but the running form makes sense.	Raabihah's light weight is very attractive. Her dad, Sea The Stars, has won the Prix de l'Arc de Triomphe. If she wins too, it will be an honor for her father and daughter.

Until last year, I went to Paris to see the Prix de l'Arc de Triomphe for 10 consecutive years. I saw a lot of great horses. They were really wonderful horses. Among those wonderful horses, ENABLE is an unforgettable horse, especially for me. My first encounter with ENABLE was in the summer three years ago. I went to England to meet a Gosden trainer. And I observed the training. I gave the Gosden trainer a photo of Raven's Pass, who won the Breeders' Cup Classic, and a photo of the Golden Horn, who won the Prix de l'Arc de Triomphe. I went to watch both races and took pictures. The Gosden trainer was very surprised to see my picture. And he was very pleased.

The day after that, I rented a car to Ascot Racecourse. That day there was a very big race called King George VI And Queen Elizabeth Stakes. The most popular of the race was Gosden trainer ENABLE. ENABLE won the King George VI And Queen Elizabeth Stakes very strongly. I was excited and went near the awards ceremony. There was a Gosden trainer there. And he found me and celebrated her victory with me. In the fall, ENABLE challenged the Prix de l'Arc de Triomphe. At that time she was only three years old. But she won very strongly. I was very excited again. The Gosden trainer found me so excited. And again we were both pleased with her victory. That's why I especially support ENABLE. I also strongly hope that Japanese horses will win the Prix de l'Arc de Triomphe.

ENABLE was running for the Prix de l'Arc de Triomphe last year, but last year I was most supportive of the Japanese horse KISEKI. KISEKI is a Japanese SUMII trainer horse. I have great respect for the SUMII trainer. That's why I wanted KISEKI to win the most last year. But I also wanted ENABLE to do my best. Last year my feelings were very complicated.

This year, there was very disappointing news just before the Prix de l'Arc de Triomphe. All of AIDAN PATRICK O'BRIEN's horses have canceled their race. From next year, I think that the management of feed etc. will be very strict. I think that tendency will become stronger internationally. My favorite Deep Impact was also disqualified from the Prix de l'Arc de Triomphe for drugs. I don't think the value of the Prix de l'Arc de Triomphe has diminished. It's a very difficult race to run. Because it is the best race in the world. I have ENABLE, but I want all the horses to finish safely. I have the strongest desire for that.
